There seems to be now everything in the way of arrangement which can make the celebration of the battle of Moore's Creek successful beyond expectation. The festive and unmolested celebration of the Cape Fear people that has been celebrated under the hardships and privations which resulted from them from the issues of the war, is now being celebrated in a manner which is not only a tribute to the memory of the long ago past, but also a tribute to the present and future of the State.

MOORE'S CREEK.
